**MYCON General Contractors Completes Walmart Supercenter in Frisco, Texas**

Dallas, TX, October 23, 2017 – MYCON General Contractors has substantially completed construction on the newest Walmart Supercenter located in fast-growing Frisco, Texas.

According to Justin Jeffus, LEED® AP, senior vice president of retail services for MYCON, “For the last 20 years, the City of Frisco has been one of the fastest growing cities in the U.S. and is recognized as a great place to live due to affordable housing, a strong infrastructure and a vibrant, diverse economy. This will be the sixth Walmart within Frisco with merchandise that appeals to the surrounding neighborhoods, complemented by an outstanding wine department and expanded organics section.”

Located on an 18-acre tract at the southeast corner of FM423 and U.S. Highway 380 at 355 Stonebrook Parkway in Frisco, the project consists of an 188,564 sf big box retail store with surface parking and extensive landscaping. Construction began in July of 2016.

Says Jeffus, “We really appreciate being a long-term, approved contractor with Walmart and enjoy working with their team in delivering these much needed retail stores to North Texas.” Raymond Harris & Associates provided architectural services on the project.

MYCON General Contractors has been engaged by Walmart since 2009 and has built, renovated and/or expanded Walmart Supercenters, Walmart Neighborhood Markets, and a Sam’s Club in locations throughout Texas, including Bryan, Dallas, Denton, Flower Mound, Frisco, Garland, Plano, Rowlett, Royse City, Sachse and Temple, among others.
