MYCON General Contractors, Inc. Promotes Justin Jeffus, CDP, to Executive Vice President

Dallas, Texas, December 1, 2022 – Dallas-based MYCON General Contractors, Inc. (MYCON) has promoted Justin Jeffus to Executive Vice President. Jeffus, a partner of the firm, is committed to operational excellence through leading, developing, and equipping extraordinary people to support MYCON’s long-term vision.

“Since joining MYCON in 2004, Justin has been a proven leader dedicated to the success of the firm, our people, and our client’s experience,” said Charles R. Myers, president and CEO of MYCON. “Following one of our strongest fiscal years in history and an even greater outlook for 2023, his open and persuasive leadership style, paired with transparent business practices, will propel MYCON’s standardized and robust programmatic approach as a national industry leader in diverse markets. This is another milestone for Justin, with more to come.”

As a highly respected industry leader, employing imaginative and logical thought to situations, Jeffus does not quickly accept no as an answer – making him instrumental in building MYCON’s brand coast-to-coast and the employer of choice in our industry.

Jeffus received a Bachelor of Science degree from Stephen F. Austin University, where he serves on the external board for the University’s new Construction Management Program. He is a Certified Development, Design, and Construction Professional (CDP) under the International Council of Shopping Centers (ICSC) criteria. ICSC CenterBuild recognized Jeffus as a 20 Under 40 young professional in 2014, and he completed the Urban Land Institute (ULI) North Texas Center for Leadership program in 2019.
