MYCON General Contractors, Inc. Begins Construction of New U-Haul in Haltom City, Texas

Dallas, Texas, September 19, 2024—Dallas-based MYCON General Contractors, Inc. (MYCON) has begun construction of a new U-Haul storage facility in Haltom City, Texas, marking the general contractor's eighth project with North America's largest do-it-yourself moving and self-storage operator, U-Haul. The new U-Haul location will feature approximately 1,600 storage units of various sizes, catering to a wide range of customer needs.

"We are excited to continue our successful partnership with U-Haul through this significant project in Haltom City," said Jason Meuth, CRRP, MYCON Vice President. "This project underscores our commitment to delivering top-tier construction services that meet the needs of our clients and the communities we serve."

The new U-Haul storage facility will consist of a 28,866-square-foot pre-engineered metal building (PEMB) designated for U-Box storage, a 3-story, 81,978-square-foot self-storage building, and five drive-up storage buildings totaling 15,500 square feet. The development also includes complete sitework to ensure the smooth integration of the new structures, providing a comprehensive storage solution that meets the growing needs of the Haltom City area.

"We are excited to see another impressive U-Haul retail, moving and self-storage facility coming to life here in Texas," stated Matt Merrill, U-Haul Area District Vice President. "The Haltom City project is progressing nicely thanks to the excellent work MYCON continues to do on our behalf. U-Haul looks forward to serving the needs of self-storage and self-move customers at this new location very soon."

Construction is estimated to be completed in March 2025.
