Director of Preconstruction Josh Yoder Joins MYCON General Contractors, Inc.'s Nashville Office

Nashville, TN, October 7, 2024—Dallas-based MYCON General Contractors, Inc. (MYCON) has added Director of Preconstruction Josh Yoder to its Nashville team. In his new role, Yoder will leverage his vast experience, creative approach, and MYCON's preconstruction team to guide projects in the industrial, manufacturing, and retail sectors and beyond, from preconstruction through completion.

"Josh is an excellent addition and will empower our growing Nashville team to bring even the most complex visions to life," said MYCON Partner and Senior Vice President Chip Myers. "His deep knowledge of market dynamics and strong subcontractor relationships in the Nashville area will further bolster MYCON's ability to deliver efficient, cost-effective solutions that meet the growing demands of our clients, ultimately turning their dreams into a reality."

As Director of Preconstruction, Yoder will play a key role in enhancing operational efficiency, ensuring client satisfaction, and supporting MYCON's growth initiatives. His leadership will be integral to MYCON's ability to deliver value-driven results for clients in both existing and new markets. He will collaborate closely with internal teams, clients, architects, and subcontractors to ensure smooth project transitions from concept to construction, driving efficiency, cost management, and innovation across all phases of the process.

"I am eager to join the MYCON team and lead the preconstruction efforts during this pivotal time of growth," said Yoder. "With MYCON's commitment to innovation and excellence, I look forward to collaborating with our talented teams and valued clients to ensure every project is set up for success from the very beginning."

Yoder brings 16 years of preconstruction experience to MYCON. He has provided preconstruction services for over 2 million square feet of projects with budgets ranging from \$20,000 to \$80 million. His expertise includes hard bid, design-build, and conceptual projects.
