### **MYCON General Contractors, Inc. Welcomes Trey Lopez as Safety Director**

Dallas, Texas, December 17, 2024 – Dallas-based MYCON General Contractors, Inc. (MYCON) has welcomed safety director, Trey Lopez, CSHO, OHST. With more than 30 years of experience in health, safety, and environmental (HSE) management across diverse industries, Lopez is set to bring unparalleled expertise to MYCON’s safety program.

“Trey’s extensive safety credentials, coupled with his hands-on approach to fostering a collaborative safety environment, make him an invaluable addition to our leadership team,” said Charles R. Myers, President and CEO of MYCON. “His dedication to creating safer workplaces aligns seamlessly with our core values and operational goals.”

As Safety Director, Lopez will lead MYCON’s efforts to maintain the highest safety standards across all operations. He will cultivate a proactive safety culture, ensure compliance with all local, state, and federal regulations, and implement innovative strategies to minimize risks and protect team members. His extensive expertise will be instrumental in enhancing MYCON’s safety programs and fostering a work environment where safety is deeply integrated into every aspect of the company’s operations.

"I'm thrilled to join this incredible team at MYCON and continue my passion for ensuring the safety and well-being of every employee," said Lopez. "Safety isn't just a priority; it's a core value that shapes every decision we make. I'm inspired by MYCON's unwavering commitment to creating a culture where everyone goes home safe every day, and I'm excited to contribute to our shared mission of building both great projects and a safe future together."

Lopez is a United States Army veteran. His extensive career spans roles in construction, manufacturing, oil and gas, and maritime safety. He has developed and implemented comprehensive safety systems and training programs, showcasing expertise in OSHA compliance, risk analysis, emergency response, and safety audits. His certifications include Construction Safety and Health Official (CSHO), Occupational Health and Safety Technologist (OHST), OSHA 500 and 501 Trainer Certifications, and specialized instructor certifications in areas such as confined spaces, trenching, and hazardous materials.
